

POLICE QUESTION SALE OF WHISKEY

Ed Mitchell With Quart of Liquor Spotted by Officer as He Leaves Wholesale House.

DECLARES HE BOUGHT A GALLON

Claims He Could Not Carry Four Bottles And Only Took One Along With Him.

This afternoon about two o'clock Officer Philip Thompson saw Ed Mitchell, colored, leaving the rear door of William Schroer's wholesale liquor house on Jeffersonville avenue with a quart of whiskey in his possession and he was forthwith taken to the police station and questioned. Schroer conducts a wholesale establishment and under the law is not permitted to sell in quantities of less than five gallons unless he comply with one section of the Proctor law. Mitchell declared that he had purchased a gallon of liquor from Schroer, but being unable to take it all with him left three quarts at the house. When he saw that they was a possibility of the officers retaining the liquor he requested that the bottle be returned to him so that he would have some whiskey for Sunday use. The officers informed him that if he had three quarts at Schroer's he could probably get another bottle as they intended to hold what they found on him as evidence.

Mitchell was released after he had been questioned as no affidavit could be filed against him, and later in the afternoon he returned to the police station with three additional quarts. He again stated that he had purchased a gallon for \$2 but was unable to carry all of it with him the first time. He also asked for the whiskey which was retained by the officers, but his request was refused. He was also instructed to take the three quarts away as they did not enter into the case.

It is said that the wholesale liquor dealers have been informed that they can sell the minimum quantity to a customer, and that the customer can take it away in one-half pints, if he so desires. It is understood that the officers do not interpret the law in this manner and believe that a customer is required to take away the entire amount he purchases. They say that if part of the amount purchased could be kept by the wholesalers the dealer would be afforded an excellent opportunity to violate the law and it would be difficult to prove that the customer buying in small quantities did not have the required amount at the store.

An affidavit will probably be filed against Schroer charging him with the illegal sale. Several months ago he was convicted of selling illegally and was fined \$50 and costs.

The retail liquor dealers in the city are opposed to wholesalers selling in small quantities, and have urged that any violations be prosecuted.

**Picnic Postponed.**  
On account of the rain the picnic that was to have been given Sunday by the Knights and Ladies of Securiety has been postponed indefinitely.  
John H. Congdon.

BRITTON RELEASED

Columbus Man Arrested Here Knew Little About Wife's Death.

George Britton, of Columbus, who was arrested here late Thursday afternoon and returned to Columbus so that he could be questioned regarding the sudden death of his wife, was released Friday. Britton and his wife had engaged in a family controversy Thursday afternoon and Britton left his home after packing his trunk and started for Vincennes. A short time afterwards Mrs. Britton was dead.

The man told the Columbus officers the same story he related to the local police. He said that he saw his wife put some white powder in a glass of water, but as she frequently took headache powders he thought nothing of the matter. As he left the house she remarked that "When I leave they will haul me away."

Britton told a straightforward story and after he had been examined was released and no charge will be placed against him.

TWO GAMES SCHEDULED

"Blues" Will Play "Annex" Sunday and Cuban Stars Tuesday.

The Crothersville "Blues" will meet the Louisville "Annex" team Sunday afternoon at the home grounds. The visiting team has a great reputation for fast playing and the "fans" are expecting one of the best games of the season. Koverer, the idol of the team, will be in the box Sunday, and as he is at his best some unusual twirling will be seen.

On Tuesday afternoon the Crothersville boys will meet the Cuban Stars, who are making a tour through the United States. The Stars won from one of the national league teams recently and will put up some real ball playing. They hold the championship of Cuba, and are making a strong effort to win every game they play in this country. Several of the local "fans" will see both games next week.

LONG JAUNT

Distance Walkers From Cincinnati Arrive in Seymour.

Ed Carson and Morton Lewis, of Cincinnati arrived here shortly before noon, having reached this far on their long walk from Cincinnati to St. Louis. The men have been on the road for several days and were about twelve hours behind their schedule. They were walking for a purse of \$25 each and must make the trip in nine days. The rain, they said, prevented them from making their usual time.

They did not state just why they desired to take the long walk, except they would receive the money. However, they will not be paid very well for their time as they claimed that their expenses would amount to \$20 each. After resting a short time they started westward on their journey.

Mrs. D. G. Stanton Dead.

Mrs. D. G. Stanton, formerly of this city, died Friday at her home in Edinburg after an illness of several months of nervous trouble.

The husband and one daughter, Miss Beulah Stanton, survive.

The funeral services will be held from the residence Sunday afternoon at 4 o'clock. The remains will be taken to Greenwood Monday for burial.

Miss Aileen Brown will go to Edinburg Sunday to attend the funeral.

LIFE'S DISAPPOINTMENTS

OLD TINTYPE

Photograph of Hustedt Block Taken Thirty-two Years Ago.

C. H. Hustedt has among a collection of old photographs an old tintype of his building taken thirty-two years ago. The picture, which was taken before many of the buildings on East Second street were erected, shows a vacant lot on the east of the Hustedt building. Upon this lot the Richart building was erected.

When the picture was taken a hearse was standing in front of the building and upon the seat is seen Mr. Hustedt. There are also several other persons about the building.

The rain yesterday prevented work upon the improvement of North Chestnut and south Walnut streets. The force of men was at work again on North Chestnut street this morning and the work is being pushed as rapidly as possible. Some delay has been experienced the past few days on account of the mixing machine not being in good running order but this has been prepared. The contractors expect to be able to lay about one hundred feet of concrete each day until the contract is completed.

The solicitors who are securing the names of the residents of Seymour for the new county directory are getting along with their work in fine shape. Part of the city had already been covered and the work will be completed by the latter part of next week. The solicitors who have been working in the country districts have about completed their tasks and the census of Brownstown and Crothersville will be taken soon.

A. A. Davison, councilman from the Second ward, is improving his property on North Chestnut street, with a double driveway, around which has been placed a concrete curbing. He is also building a concrete driveway from the street to the property line.

RUDDICK DIVORCE CASE IS DECIDED

Decree is Given to Plaintiff By Special Judge Tremain After a Long Trial at Greensburg.

NO ALIMONY GIVEN DEFENDANT

Damage Suit For \$10,000 Filed by Miss Sarah Bryan Against Mrs. Ruddick Still Pending.

The Ruddick divorce case, which has been on trial for several weeks at Greensburg and has attracted considerable attention, was decided by Special Judge Tremain late Friday afternoon in favor of the plaintiff, Baker S. Ruddick. Shortly after the plaintiff filed the complaint for divorce, Mrs. Laura Ella Ruddick filed a cross complaint asking for a limited divorce and alimony in the sum of \$25,000. Mrs. Ruddick formerly lived in this city. The Ruddicks were divorced about six years ago but were remarried within a year.

In her cross complaint Mrs. Ruddick charged her husband with unfaithfulness and named Miss Sarah E. Bryan, a Columbus lady, as correspondent. Miss Bryan has brought suit against Mrs. Ruddick for \$10,000 damages and the case is now pending.

In the decree, which was given Friday, Mr. Ruddick won on every point and was not only given an absolute divorce, but the court held that Mrs. Ruddick was not entitled to any alimony. The plaintiff will pay the court costs. Judge Tremain began

You can rest assured that your property is insured in GOOD COMPANIES every time you hear the fire alarm, if WE place the insurance. The insurance policy is just as good as the company behind it, no more, no less—if the company is strong and properly managed, you'll enjoy prompt settlement of your losses—otherwise, in all probability, not. Our companies will stand investigation on any of these features. **FRED EVERBACK AGENCY CO.** Office over Loertz Drug Store.

INVESTIGATION IS STARTED IN VIGO

Twenty-one Indictments Are Returned by Grand Jury For Alleged Registration Frauds.

Several Inspectors and Clerks Are Charged With Failure to View The Ballots When Cast.

Terre Haute, Ind., June 15.—The grand jury of Vigo county have returned indictments against a number of men who were alleged to have taken part in the election frauds of this county.

Indictments have been returned against Big Jack Tierney, saloon keeper and political worker, henchman of the Crawford Fairbanks-Donn Roberts machine. There are four of these indictments charging Tierney with election frauds, and he has the city. The general belief is Tierney, who is known widely Hinky Dink, has shaken the dust Terre Haute from his feet and will stay away until this thing blows over.

Twenty-one indictments have been returned up to the present time by the grand jury.

The grand jury, which made but an incomplete report, will continue in session some time and it is expected to return many more indictments. How high up these indictments will reach is a matter of conjecture. Donn Roberts and his gang are doing everything possible to shut off investigation. By some underground pipeline, Roberts got word that the grand jury had returned indictments against his henchmen and went at once to the court house. He demanded of Prosecutor Owens that the indictments be not signed, and when Owens said he would sign the indictments, Roberts attempted to browbeat the prosecutor. Deputy Prosecutor Whitlock also came in for a part of Roberts' denunciation, and finally Roberts was ordered out of the office.

K. of P. Decoration.

Reddington Lodge No. 281 K. of P. will decorate the graves of its deceased members tomorrow afternoon. The lodge will meet at its hall at 2:30 and march to the Christian church headed by the Reddington band, where a well arranged program of instrumental and vocal music and speaking will be rendered. Prof. J. A. Linke will deliver the address of the day. All members of the order are invited and their presence will be appreciated by the lodge. All going from here can leave on the 2 o'clock car.

Being unable to do much work in the fields on account of the rain, quite a number of farmers were in the city today trading. They report that the rain did a large amount of good and that the crops have been benefited hundreds of dollars. In Vernon township the rain was not as heavy as it was in Jackson township. In other parts of the county the rainfall was light.

The infant child of James Wilson of South Chestnut street, who has been seriously ill, was slightly improved today.

## Automobile News

## LARGE REO SALES.

Classy Cars Become More Popular Each Day.

From the time the Reo The Fifth made its appearance in the automobile world its popularity has constantly increased.

The new Reo center control is proving a wonderfully popular drawing card because of economy, safety, reliability, comfort, grace and efficiency which it adds to Reo the Fifth. But this is merely one of the many new and advanced features embodied in this latest product of the genius of the father of the first popular priced runabout.

The left hand drive now numbers its rapidly increasing devotees by the ten thousands and now that the right hand drive is fast being abandoned for the safer left hand drive proves pretty clearly that the new Reo left hand drive was about the correct thing when it was announced two

years ago as one of the advanced features of the first Reo "4-30" built.

The wheel base has been lengthened to 112 inches and that with a low hanging, straight line, full flush sided body, which is mounted upon more resilient three quarter elliptic springs, makes this new Reo the Fifth an ideal, smooth-gliding car over rough roads. Other innovations are black enamel finish on the dash and all door strips, which harmonize most beautifully with the nickel and black enamel windshield, lamps and horn. The entire car is completely trimmed, having no less than ninety-eight parts in nickel finish. The motor, crank and transmission cases are finished in battleship gray enamel.

There are no hand brake levers, the brake action being operated by foot pedals. The rear axle is nickel steel and is equipped with noiseless, easily adjusted gears with large Timken bearings.

The torsion tube has been displaced by torsion rods which give greater en-

# I Promise Every Buyer Not to Rush This Car

By R. E. Olds, Designer

These are times when every buyer wants his new car in a hurry. The popular makers are pushed to the limit.

And these are times when mistakes creep in, when inspection is slackened, when workmanship is skimmed.

I have seen many a good car's reputation wrecked to meet a rush.

## We Don't Hurry

We, too, are overwhelmed. Reo the Fifth is the season's sensation. With this car at this price, beyond any doubt we could sell three times our output.

Our men are doing their level best. But I say to them all, "Take your time—watch every part—don't hurry."

For men forget and forgive any little delay, but a weakness is never forgotten.

## Care Is Costly

The chief difference in cars, in these days, lies in the time spent on them.

That's why one car costs twice as much as another, with about the same specifications.

To be slow and exact, watchful and cautious, adds 20 per cent to the cost of a car. And it often cuts profits right in two by keeping one's output down.

But Reo the Fifth—My Farewell Car—will never be skimmed for profit. That I promise you.

## How I Watch It

I am rather old-fashioned—perhaps a little too extreme. Twenty-five years spent in building cars have made me over-cautious.

I have never built as many cars as the people wanted.

Some of the newcomers, as a result, build more cars than I do. But no man can claim to build a car any better.

My steel is all analyzed. Every material passes laboratory tests.

Each part is inspected over and over. Each important part is given all my rigid tests. Parts

are rejected for the slightest flaw, no matter how badly we need them.

Parts are ground over and over to get utter exactness. Engines are tested for 48 hours. Finished cars are tested until every part is found to be perfect and noiseless.

The bodies are finished in 17 coats. Every detail of finish gets the final touch.

All this is now done with the same care and exactness as I used on my Show cars, which I built in December.

Every Reo the Fifth marks the best I can do.

## The Center Control

The new center control found in Reo the Fifth marks the year's greatest improvement in automobiles.

All the gear shifting is done by this round-top lever between the two front seats. It is done by moving this lever—with the right hand—less than three inches in each of four directions.

Both breaks are operated by foot pedals. There are no side levers, so the entrance in front is clear.

This arrangement permits of the left side drive, at which every maker is aiming.

## The Little Price

Reo the Fifth is very much underpriced. Every comparison shows that.

You who buy at this price will be fortunate. For, under average conditions—with average cost for materials—this price will be impossible.

## Ask For Catalogue

Our catalogue shows the various body designs. It also gives complete specifications. It enables comparison, part by part, with any other car. The book is ready for mailing. Ask for it now as this car is worth investigation.

Cars now on floor for your inspection. Call or phone for Demonstration.

## DEHLER'S STORES

during qualities to the entire driving system. Better material is used throughout—finer finish, and every feature is worked out, bringing the car right up to the minute.

The motor has been improved with a larger water circulation system and radiator, and ignition placed in the center of the compression chambers, adding greatly to the power.

## TRANSCONTINENTAL ROUTES.

Three Trips From Ocean to Ocean Will Be Made by "Pathfinder."

When George Rogers Clark picked an undefined path across the great American wilderness early in the history of the United States he established a pathfinding record for that time. It took Clarke nearly all of one summer to accomplish his worthy purpose and his trip was marked by extraordinary hardships.

A modern "Pathfinder" promises to make Clarke's transcontinental journey look like a joy-ride in comparison by making practically the same trip three times in one season. Three times across the United States—East

and West—will constitute a record unapproached in the annals of motoring. Yet that is what the Pathfinder "40" driven by "Heinie" Scholler of the Motor Manufacturing Company proposes to accomplish this summer. The car is scheduled to leave New York June 10, with A. L. Westgard, field representative of the A. A. A. and United States Government department of good roads, and Mrs. Westgard.

The first of the three routes will be one from New York via Chicago to Minneapolis, thence through North Dakota, Montana, Idaho and Washington to Seattle. Then a route from New York via Chicago, Clinton, Cedar Rapids, Omaha, through Nebraska to Denver, Cheyenne, Ogden, Salt Lake City, Ely, Reno, Sacramento and San Francisco, with a spur fly to Los Angeles.

Third will be a route from New York via Philadelphia (with connections from Baltimore and Washington) along the old National Highway through Columbus, Indianapolis and St. Louis to Kansas City, thence through central Kansas to Colorado Springs, and across the Rocky Moun-

tains via Grand Junction to Salt Lake City, Ely and Los Angeles.

Mr. Westgard, who is a civil engineer, an expert topographer and cartographer, will also act as a special agent of the United States Office of Public Roads. He is one of the best known route experts in the country, and has made three transcontinental trips.

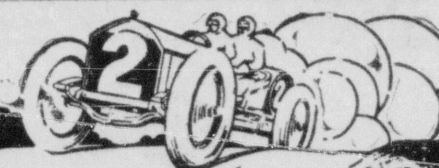

## Automobile Enthusiasts.

Will find one of the new Jackson county maps very valuable. The map locates all roads in the county and indicates whether they are pikes or not, in addition to a hundred other things of interest. The maps sell now at \$2.00; former price \$3.00. Call at the Daily Republican office. j15d&w

## Steam Vulcanizing.

I am prepared to do all kinds of Casing and Tube repairing. All Auto owners call and be convinced. R. W. Irwin, Phone 772. 518 West Second Street, Seymour. m27-d&w-1f

If you have Republican Advertising on your mind, you're right.

# The Best Liked Car in America

The length of this car represents total production of Studebaker E-M-F "30" and Flanders "20" cars to May 15, 1911.

---1911

The immense growth in numbers in Studebaker E-M-F "30" and Flanders "20" cars within the past year is a striking fact.

Between May 15, 1911, and May 15, 1912, thousands more E-M-F "30" and Flanders "20" cars were built and sold than had been built altogether in three previous years of their manufacture, rich as those were.

Everyone knows that when the E-M-F "30" was first put on the market it created a furore. Others declared it was too good to be true, the car couldn't be built at the price. Yet it **was** built, and everyone of those early cars is still in service and giving satisfaction. Then with rapidly growing production Studebaker cars maintained their original promise of unequalled quality at their price and kept on giving satisfaction.

Here is the result. We have built and sold in the last year more cars than in three years before put together, and there are over 65,000 Studebaker E-M-F "30" and Flanders "20" cars on the roads today.

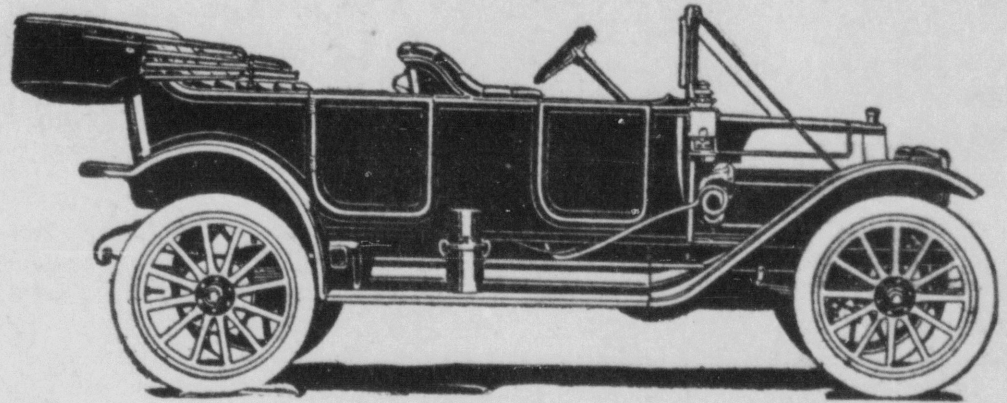

The American people have tried Studebaker E-M-F "30" and Studebaker-Flanders "20" cars, put them to every conceivable test and said, "We're satisfied! These Cars Are Right."

In huge and fast increasing numbers they have backed their approval with cash orders. And every E-M-F "30" and Flanders "20" owner will be proud to tell you the car he drives.

Studebaker E-M-F "30," \$1,100.

Ask for Our New Art Catalogue. It Will Interest You.

The length of this car represents total production of Studebaker E-M-F "30" and Flanders "20" cars, one year later, to May 15, 1912.

---1912

**The Best Liked Cars in America.** Other good cars have their loyal owners, too, some as loyal as Studebaker owners. But their cars are too few to be compared.

One or more alleged competitors, it is true, sell many cars, but not because their owners are proud to possess them. Nowhere in this world is there such tremendous and incontrovertible approval upon a car as this outspoken conviction of the American people on Studebaker E-M-F "30" and Flanders "20" cars.

There are a hundred other reasons why a Studebaker E-M-F "30" or Flanders "20" should be your choice. Come to us and we will go over them with you in detail. We can convince you by them alone.

But greater than these, standing alone because no other car built can offer any comparable argument, is this one fact:

The American public has tested Studebaker E-M-F "30" and Flanders "20" cars and found them not wanting. The conviction has gone home, and confidence in the Studebaker product has made the year just passed bigger in Studebaker sales than all the years before.

Measure up all the arguments of other cars and then weigh them in the balance against this judgment of the American people.

Studebaker-Flanders "20," \$800.

### DRIVEN OVER 50,000 MILES.

**E-M-F "30" Makes Good Trip After Long Usage.**

A prominent figure in the tour, was a 1908 E-M-F "30"—a veteran of 50,000 miles—which carried six persons with amazing dash and endurance. Another car that created unusual attention was a Flanders "20" driven by Mrs. Harry Kay of Phoenix, who handled her wheel like an expert and seemed to think it merely part of a day's work to pilot her car through the bottomless sands of a dry "wash," up and down grades and around curves on the rough, mountain roads where the least deviation from the narrow trails would have meant a drop of hundreds of feet and the certain death of every occupant of her car.

The Studebaker party remained for a day, admiring the scenery at Grand Canyon. Many of them also made the descent of the famous Bright Angel Trail to the bottom of the majestic chasm.

The awarding of the prizes, of which there were more than a dozen and of a value amounting to over \$1,000, is a matter now in charge of a committee of the tourists.

### TIRE QUALITIES.

**Mileage Not The Only Essential That Is Required.**

The average car owner, in buying a tire, seems to think of nothing but how cheap he can get it, or how many miles of service will it give. In the first regard, the policy is a poor one, for a cheaply built tire cannot give extra mileage. Mileage, on the other hand, while a vital consideration, is not the only one by any means. The matter of protection to car mechanism which should be afforded by the tire is of almost equal importance.

Resiliency is the test of value in a tire almost lost sight of by the average user. If, as in the case of a Firestone Tire, both resiliency and extra mileage can be obtained, that is the tire for the car owner to buy. Resiliency means more than easy riding. It means that by it, the jolts and jars of the road, partly taken up by the springs, are practically obviated, the delicate car mechanism protected, and the life of the car prolonged.

### GOOD ROADS

**Mean An Actual Saving to All Travelers.**

"The agitation for good roads in Indiana has been regarded by many in the past as aiming at results that would benefit only those who use the roads for pleasure," says C. A. Kenyon, President of the Indiana Good roads Association. "However, recent developments, both in this country and abroad, have demonstrated beyond a doubt that good roads mean an actual saving of dollars and cents."

"It is interesting work, getting right down to facts and figures in regard to this phase of the movement, and it is only since the inside facts have been coming out that farmers have taken an active interest in bettering road conditions throughout the state. I have enjoyed making comparative estimates of the exact cost of hauling farm products to and from markets, but I confess the result has been surprising to me. In some sections of the state this transportation can be made for about sixteen cents per ton per mile. This is where the roads are in the best condition. However, there are some parts of Indiana where this expense runs as high as thirty-five cents per ton per mile. That gives an average of about twenty cents. The average haul to and from a market, supposing the farmer brings back his purchases on the return trip, is slightly over five miles. Now, since the total cost of the trip is a dollar, that leaves even with the most liberal allowances, a loss of fifty cents per ton on the farm products of Indiana. In 1910 the farmers of Indiana raised over twelve million tons of farm products, while in 1911 the total was over thirteen million tons of grain, hay, potatoes and tobacco. In view of these facts the Indiana farmer lost between six and six and a half million dollars. Which is a pretty big leakage in a single year!"

"It is a recognized fact that European countries have a very great advantage over the United States in the matter of roads, but many of our states are falling into line to adopt the Old World ideas. The good roads agitation in Indiana is beginning to have its effect, and it will be long until some good reconstruction measures will be adopted."

## Prest-O-Welder Repair Shop

**The New Process For Welding Metals**

Having spent considerable time in the factory of the Prest-O-Welder Co. in Indianapolis, I am now prepared to Weld Steel, Malleable, Iron, Aluminum, Brass and Cast Iron with this new invention.

If you break any part of your machine, no matter how large or how small you can get it repaired at this shop.

**W. Burckdall**

OVER THE KESSLER HARDWARE STORE

## Steam Vulcanizing

**SAVE TIRE TROUBLE**

**By Keeping Your Tires Vulcanized, Protect the Fabric by Filling Stone Cuts, Dugouts and Sand Blisters. Save Blowouts in Old Worn Casings by Relining.**

I am prepared to do all kinds of casing and tube repairing. Every auto owner can save one-third on his tire bill by protecting the fabric. Have stone cuts, dugouts and sand blisters filled and vulcanized. You can get double the mileage by relining old casings and prevent blowouts. Old casings retreaded and relined will give you the same miles as new.

Approximate prices on all work; For retreading \$6.00 and up. Blowouts \$1.50 and up. stone cuts and sand blisters 50c and up, rim cuts \$1.50 and up, tube repair 30c and up.

All work guaranteed to give satisfaction. Every auto owner especially invited to come and see and be convinced. I am fully prepared to do the work.

SEYMOUR.

ROOSEVELT NOW  
 THE BATTLEFIELD

The Colonel Has Taken Personal  
 Share of Forces.

WILL MAKE THE WELKIN RING

At least this is the Expressed Hope  
 of Bill Flinn and Others of His Lieu-  
 tenants When the Taft Forces Say,  
 are ready to admit defeat unless  
 Roosevelt is in Fighting Personali-  
 ty On Saturday Day For His Cause.

Chicago, June 15.—In an effort to  
 explain why ex-President Theodore  
 Roosevelt is in this town this  
 afternoon, a number of reasons or  
 motives are given. Half of his  
 managers at his battlefield, it is well  
 known, have protested all along  
 against Colonel Roosevelt's appear-  
 ance during the session of the nation-  
 al committee or those of the national  
 convention, but William Flinn, one of  
 his managers, a born fighter himself,  
 has insisted from the time of his ar-  
 rival here that Colonel Roosevelt  
 should come along and make the wel-  
 kin ring.

He said one of the reasons why  
 Colonel Roosevelt has rushed into this  
 fray is that in the states of Illinois,  
 Ohio, Pennsylvania and New Jersey,  
 if Roosevelt states at the presidential  
 primaries, there are delegates very  
 loyal to the nomination of Taft. Mr.  
 Flinn declines to admit the truth of  
 this, however. Flinn declares that the  
 Colonel will be on the battlefield just  
 as the national committee is ending  
 its work on all the contests. It is his  
 idea that when these contests are  
 finally decided tonight, both Taft and  
 Roosevelt will be running about neck  
 and neck and that the ex-president  
 will have Sunday, Monday and Tues-  
 day in which to personally talk with  
 his friends on the fence or in-  
 clude them in his force, for the pur-  
 pose of leading them over to his  
 side.

Big Public Reception.  
 Senator Dixon and Alexander H. Re-  
 ceived Roosevelt at the Roosevelt head-  
 quarters. Roosevelt this after-  
 noon and he will go to the Black  
 Horse hotel. On Monday night there  
 is to be a mass meeting in the Audi-  
 torium theater, at which Colonel Ros-  
 evelt will be the only speaker. By  
 that time all of the delegates will be  
 in the city. It will be open house.  
 There will be no tickets issued, and a  
 great throng is promised. Colonel  
 Roosevelt in his speech will, it is said,  
 attack the national committee for its  
 decisions in the contests.  
 Senator Dixon was asked if Colonel  
 Roosevelt's visit to this city has been  
 made necessary by the situation. He  
 replied: "Judging from the action of  
 this bunch of burglars in the national  
 committee it looks as if there were a  
 fairly good sized crisis in the Repub-  
 lican party."

President Taft's utterance in the  
 White House, "There will be no third  
 candidate. All the information I get  
 is that I shall be nominated on the  
 first ballot, with votes to spare," has  
 been a welcome declaration here to his  
 champions and followers. Senator  
 Crane and other Taft men believe that  
 the ex-president's visit to this city at  
 this time will be injurious to his  
 cause. Director William B. McKinley  
 of the Taft headquarters, speaking of  
 Colonel Roosevelt's arrival in this city,  
 referred to Roosevelt as "the last hope  
 of his own failing candidacy," and  
 said:

"At a conference of Roosevelt lead-  
 ers held Thursday afternoon a final  
 convention was taken which showed  
 that Roosevelt was seventy-eight votes  
 short of a renomination despite all  
 that his personal representatives had  
 been able to do for him. Contrary to  
 their desires, but in accord with their  
 best judgment in view of the facts  
 confronting them, it was determined  
 to admit defeat to Mr. Roosevelt and  
 to say to him that unless he could  
 himself save the day, his defeat for  
 the nomination was an accomplished  
 fact. This message was duly conveyed  
 to Mr. Roosevelt and he is now on his  
 way to Chicago."

Impartial observers in taking an in-  
 ventory of the situation still hold to  
 the opinion the die will be cast with  
 the switch of fifteen votes one way or  
 another. One cannot move a step  
 without hearing reports of dissensions  
 and desertions, some affecting the  
 Taft cause and others the Roosevelt  
 candidacy. One report was that there  
 was a serious break in the New York  
 state delegation from Mr. Taft, but  
 Chairman Barnes and others deny  
 this. The burden of the song concern-  
 ing the New York men was in effect  
 that many in the delegation cared  
 little for President Taft or ex-Pres-  
 ident Roosevelt, and would like to see  
 a new Richmond in the field. It was  
 even stated that quite a number of the  
 New Yorkers favored the candidacy of  
 Senator Cummins.

Roosevelt Got None.  
 Chicago, June 15.—The Republican  
 national committee yesterday awarded  
 twelve delegates to Taft, two in an  
 Alabama district, two in a South Car-  
 olina district, and eight in four dis-  
 tricts in Tennessee. Thus far 170 de-  
 legates have been awarded to President  
 Taft and fourteen to Colonel Roose-  
 velt.

TOM TAGGART  
 Indiana Committeeman Early  
 on the Ground at Baltimore.

STATE DEPARTMENT  
 BADLY WORKED UP

Gomez Government Guilty of Mis-  
 representations.

Washington, June 15.—The state de-  
 partment in a statement which Minis-  
 ter Beaupre was authorized to make  
 public in Havana, scores the pub-  
 licity organization of the Gomez gov-  
 ernment, officials of which have been  
 sanctioning the circulation of misrep-  
 resenting statements of the United  
 States policy in Cuba in the present  
 crisis. There is no doubt that this  
 statement was authorized because of  
 reports issued from government  
 sources in Havana to the effect that  
 Speaker Ferrarra had cabled from  
 Washington that at his request Sec-  
 retary of State Knox had ordered the  
 battleships withdrawn from Cuban  
 waters. Officials here are now con-  
 vinced that absolutely no reliance  
 whatsoever can be placed in the gov-  
 ernment reports of the progress of  
 events in the troubled districts.

The Cuban legation in Washington  
 has made formal request to the state  
 department that the battleships now  
 in Cuban waters be withdrawn. This  
 request was denied by Secretary Knox  
 most emphatically with a note, the  
 terms of which, even though those of  
 diplomatic exchange, were anything  
 but mild.

Reports from Cuba today were to  
 the effect that the situation in the  
 island remains unchanged.

The Colonel Explains.  
 New York, June 15.—Colonel Ros-  
 evelt left for Chicago on the Lake  
 Shore Limited at 5:30 last evening.  
 There was a demand for him from the  
 delegates, not as a candidate, he said,  
 but because he represented certain  
 principles. His parting word was that  
 these delegates "were not in the mood  
 to see the victory stolen."

The Prisoner Wept.  
 Princeton, Ind., June 15.—When  
 Ralph Grigsby, aged twenty-three, was  
 convicted of contributing to the death  
 of Lena Kress of Oakland City, each  
 juror shook hands with him and ex-  
 pressed regret at being compelled to  
 convict him. The prisoner wept. His  
 sentence is three to fourteen years.

TERSE TELEGRAMS

Several fatal cases of the plague  
 have occurred at Trinidad.  
 Three linemen were electrocuted on  
 a pole on which they were working at  
 Elizabeth, N. J.  
 Nearly 200 American athletes have  
 started for Sweden to take part in the  
 coming Olympic games.  
 North Kadiak and Afognak islands  
 in the Aleutian chain are covered with  
 ashes in some places forty feet deep,  
 as a result of the recent eruptions of  
 Mt. Matmai.  
 More than a thousand members of  
 the United Retail Kosher Butchers'  
 association of Greater New York have  
 voted to close up their shops and not  
 buy any more meat from the whole-  
 salers until prices shall drop.  
 Dispatches from Homs report that  
 the Italian garrison there repulsed a  
 violent attack by the Turks. It is said  
 the Turks lost 500 killed and wound-  
 ed, while thirty-one Italian soldiers  
 were killed and fifty-nine wounded.  
 The governor of Nevada has ap-  
 pointed George Wingfield to succeed  
 Senator Nixon. The new senator is  
 thirty-six years old, and his fortune  
 is said to be near \$30,000,000. Five  
 years ago he was a penniless cowboy.  
 Then he struck a gold mine.  
 The West Virginia special train to  
 the Republican national convention  
 arrived in Chicago with windows shat-  
 tered and stains upon its Roosevelt  
 banner. It had been the target for a  
 jeering crowd of Ohioans, who hurled  
 mud and stones as it passed through  
 a small town near Cincinnati.

BRYAN'S SHADOW  
 OVERCASTS SKY

Democratic Leaders at Baltimore  
 Fear Trouble.

ARE SPEAKING IN WHISPERS

Although They Make No Reference to  
 Him Publicly, Leaders on Ground at  
 Baltimore, Mack, Taggart, Sullivan  
 and Others, Are Worried Over the  
 Nebraska—Trouble Over Adoption  
 of Unit System Not Likely.

Baltimore, June 15.—Strong opinion  
 was expressed by Chairman Norman  
 E. Mack and other leaders, following  
 the disclosure that a fight against the  
 unit system was contemplated in the  
 Democratic convention, that this  
 would not materialize unless in a con-  
 test on the Ohio delegates. On the  
 other hand, a fight against the unit  
 principle as a whole has been con-  
 fidently predicted by men close to  
 Woodrow Wilson, who aver that it is a  
 nullification of the primary plan, which  
 is one of Governor Wilson's most  
 choice ideas, but it is said that his  
 friends are not unanimous in the de-  
 mand for the change, which is indi-  
 cated by the attitude of National Com-  
 mitteeman Wood of Michigan, who is  
 in favor of a continuance of the unit  
 plan.

"The unit plan will not be opposed  
 in the convention," said Chairman  
 Mack. "The only fight over the sys-  
 tem may come over the Ohio delega-  
 tion, but only in this specific case." This  
 opinion was indorsed by Commit-  
 teeman Wood.

Tom Taggart, who arrived here last  
 night, was outspoken in his opposition  
 to the abrogation of the two-thirds  
 rule. Mack agrees with him. "Indi-  
 ana is not going to join forces with  
 any other state except for Governor  
 Marshall," Mr. Taggart said, in dis-  
 cussing the report of a possible com-  
 bination of New York, Illinois and In-  
 diana delegates after the first few bal-  
 lots. "We are solidly for Governor  
 Marshall, no matter whether the bal-  
 lot be the first or the twentieth. We  
 are for him first, last and all the  
 time."

Indications are that there will be  
 few contests before the sub-committee  
 of arrangements for the Democratic  
 national convention. Chairman Mack  
 said that all contests would have to  
 be heard first by the sub-committee,  
 and he does not anticipate any con-  
 tests being thrown on the floor of the  
 convention. Only four contests have  
 officially come to Secretary Urey  
 Woodson. "I've heard definitely from  
 Alaska, Porto Rico, the Philippines  
 and the District of Columbia," he said.  
 "They will all have contests, and es-  
 pecially the District of Columbia."

Regarding the reported projected Il-  
 linois contests, National Committeeman  
 Sullivan said there was no founda-  
 tion for them.

Although they make no reference  
 to him publicly, the leaders on the  
 ground are worried over Bryan. They  
 fear he is going to cause them trouble.  
 A delegation from the Woman's Na-  
 tional Democratic league called upon  
 the committee of arrangements, and  
 after stating that the organization was  
 formed to help elect a Democratic  
 president, they paralyzed Chairman  
 Mack by asking for 100 tickets for  
 their members. Mr. Mack suggested  
 they cut the request. The committee,  
 he said, would consider a request for  
 a sub-committee, and the delegation  
 appeared satisfied.

THE WORLD DO MOVE

Here Is Something New in the Way of  
 Wireless Apparatus.

Milan, June 15.—A Turinese youth  
 has invented what he terms a "wire-  
 less iconograph," an apparatus far in  
 advance of anything of the kind yet  
 recorded. It transmits, besides ordi-  
 nary messages, autographs, shorthand  
 and all sorts of designs or crypto-  
 grams. Exact reproduction follows  
 upon the interaction of synchronic  
 periods of heliocordial movements. So  
 simple is the arrangement that the  
 transmitter and receiver of this in-  
 strument may be applied with ease to  
 any ordinary wireless telegraph plant.  
 Surprising results have been obtained  
 between Milan and Turin.

Seven boys and young men, by-  
 standers, who had been watching the  
 Perth Amboy strikers were shot by  
 deputies. None of the wounds are be-  
 lieved to be dangerous.

JOHN B. STOLL  
 Nestor of Indiana Democratic  
 Editors Retires From Tripod.

FRANK ENOUGH TO  
 MAKE NEEDS KNOWN

But at That, It Didn't "Get"  
 the Governor.

Indianapolis, June 15.—To see how  
 a certain delegate from another state  
 votes when his name is called in the  
 Democratic national convention in  
 Baltimore, friends of Governor Mar-  
 shall wait with patience. The  
 Marshall-for-President club has sent  
 to every delegate elected a printed  
 copy of the speech recently delivered  
 by the governor at Fort Wayne, on  
 the occasion of the meeting of the  
 Democratic editors of the state. Ac-  
 companying the speech was a short  
 letter asking the delegate to read the  
 speech and calling attention to the  
 governor's candidacy for the presiden-  
 tial nomination. The delegate who  
 has attracted the attention of the gov-  
 ernor's friends wrote in reply:

"I have been elected a delegate to  
 the national convention, but it may be  
 that I shall not attend. The expense  
 is very great, and I do not see now  
 just how I can get the money together.  
 If you will send me enough to pay my  
 expenses to Baltimore and back, I will  
 be glad to talk business with you when  
 we arrive there."

The money has not been sent. If  
 the delegate goes to Baltimore he  
 must obtain his money elsewhere, the  
 governor declared.

BETRAYED BY WOMAN

After Years of Absence a Kentucky  
 Fugitive Was Decoyed Home.

Lexington, Ky., June 15.—After de-  
 fying officers throughout North Amer-  
 ica for more than thirteen years, John  
 H. McNamara, nicknamed King Mc-  
 Namara, was captured at a hotel in  
 Louisville by Lexington sheriffs. The  
 officers had been on the hunt for Mc-  
 Namara for nine months and had se-  
 cured the aid of other detectives  
 through a woman in Louisville. Mc-  
 Namara, who was supposed to be in  
 some faraway state, was betrayed and  
 captured. McNamara killed Jacob  
 Keller here Feb. 11, 1899, and escaped  
 immediately.

Suicide Followed Quarrel  
 Columbus, Ind., June 15.—Following  
 a quarrel with her husband, George  
 Britton, aged forty, Mrs. Ione Britton,  
 aged nineteen, committed suicide by  
 taking strychnine.

Because of a *Yellow Letter* a beau-  
 tiful young girl tried to take her life;  
 Because of a *Yellow Letter* her father  
 was seized with apoplexy;  
 Because of more *Yellow Letters* an  
 aged lawyer took poison;  
 A young girl drowned herself and  
 An elderly spinster hanged herself in  
 a room of a hotel twenty miles away.

What are these *Yellow Letters*?  
 By whom and to whom were  
 they sent?  
 These mystifying mysteries are ex-  
 plained in our new serial story

The  
 Yellow Letter

The most clever piece of fiction devo-  
 ted to amateur detective investigations  
 that you ever read.  
 You'll find the first installment in  
 this paper in the near future and  
 You Can't Afford to Miss It

It is now well known that not more  
 than one case of rheumatism in ten  
 requires any internal treatment what-  
 ever. All that is needed is a free ap-  
 plication of Chamberlain's Liniment  
 and massaging the parts at each ap-  
 plication. Try it and see how quickly  
 it will relieve the pain and soreness.  
 Sold by all dealers.  
 De do "Printing that Pleases."

OLD EDITOR RETIRES

John B. Stoll Could Not Abide Policy  
 of Paper's Owners.

South Bend, Ind., June 15.—J. B.  
 Stoll, editor of the South Bend Times  
 since 1881, and one of the best-known  
 newspaper men of the state, has ter-  
 minated his connection with that pa-  
 per.  
 This action on the part of Mr. Stoll  
 marks the retirement of the nestor of  
 Democratic editors in Indiana. When  
 the Times was consolidated with the  
 South Bend News in August of last  
 year and Mr. Stoll disposed of the con-  
 trolling interest of the Times, it was  
 announced that he would continue as  
 editor. Mr. Stoll objected to a censor-  
 ship of his policies and presented his  
 resignation, saying that the agreement  
 entered into last August had been vio-  
 lated.

In connection with the report of Mr.  
 Stoll's retirement it was given out  
 that he has been engaged to write a  
 political history of Indiana.

Each age of our lives has its joys.  
 Old people should be happy, and they  
 will be if Chamberlain's Tablets are  
 taken to strengthen the digestion and  
 keep the bowels regular. These table-  
 ts are mild and gentle in their ac-  
 tion and especially suitable for peo-  
 ple of middle age or older. For sale  
 by all dealers.

Children Fall Into River.

Terre Haute, Ind., June 15.—Claude  
 Shirley, eight years old, and Lowell  
 Hading, nine years old, were drowned  
 while playing in the Wabash river.  
 The Shirley boy slipped off a sandbar  
 into the deep water, and his compan-  
 ion endeavored to save him.

Terminated in Lockjaw.

Evansville, Ind., June 15.—Landis  
 Falls, aged ten, son of Richard Falls,  
 living near here, is dead of lockjaw  
 as the result of injuries received several  
 days ago in a fall from a cherry tree.

A sprained ankle may as a rule be  
 cured in from three to four days by  
 applying Chamberlain's Liniment and  
 observing the directions with each  
 bottle. For sale by all dealers.

## FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman.  
I know woman's sufferings.  
I have found the cure.  
I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—yes, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand woman's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is safe and sure cure for Leucorrhoea or Whittish discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors, or Growths; also pain in head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles, even caused by weaknesses peculiar to our sex.

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial; and if you wish to continue, it will cost you only about 12 cents a week or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in young Ladies. Plumpness and health always results from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this home treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write to-day, as you may not see this offer again. Address  
MRS. M. SUMMERS, Box H - Notre Dame, Ind., U.S.A.

## Heart to Heart Talks.

By EDWIN A. NYE.

## THE TOP STORY.

Darwin tells us that in early life he was very fond of music and poetry, but that in turning his attention to the study of nature he neglected to cultivate his taste for harmony and literature.

Finally his enjoyment of poetry and music was lost, a fact which he greatly regretted in his later life.

It is the law of nonuse.

Just as a species of birds on a certain island where there were no snakes and vermin quit making their nests in trees and began to live on the ground and these gradually lost the use of their wings, just so did Darwin lose his appreciation.

You may harden your soul to the best things of life by devoting yourself entirely to other things.

To illustrate:  
A man may become entirely absorbed in the money game, neglecting all the faculties save acquirement. Without desiring deliberately to shut the door on his diviner side he may neglect his higher nature until it no longer makes appeal.

He becomes calloused.  
Or a woman may give her days and nights to social dissipations so completely as to take all her time and energies and, without purposely choosing to stifle her nobler faculties, come to a day when the appeal of higher influences no longer moves her.

If we are to do the best and be the best we must think the best, feel the best, follow the best.

We are not suddenly corrupted.  
Character becomes weakened gradually and by the shutting out of the better impulses.

Henry Ward Beecher once said in substance:

"Man is a three storied house. His animal part is the basement, where his passions crawl. There is the first story, the intellectual. Most men live altogether on these two floors—the animal and the intellectual—some only in the basement. But there is another story which is the best of all, the second story—the spiritual.

"Men furnish and furnish their basement and their first story, but let the top story go as if it were an abandoned attic."

Let us live some part of the time in the top story.

It requires a little more climbing, but the air is better and the outlook wider.

Lost by the law of nonuse we cease to want to live and enjoy the best.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O. Sold by all druggists.

Take Hall's Family Pills for constipation.

## Japan a Field for Suffragettes.

The wife of a missionary I visited in Osaka told me one or two amusing incidents—amusing in one aspect and pathetic in another—that are of interest. A Japanese member of her church declared: "No, no, Mrs. Hall, you can't ever make me believe that my wife is as good as I am!" On another occasion she was teaching a Sunday school class concerning the woman of Samaria, and asked: "Why did Jesus ask the woman to call her husband?" And the Japanese answer was: "Because he was going to talk on intellectual things and she needed some man to help her understand."—Clarence Poe, in "Where Half the World Is Waking Up."

There is no real need of anyone being troubled with constipation. Chamberlain's Tablets will cause an agreeable movement of the bowels without any unpleasant effect. Give them a trial. For sale by all dealers.

Fifty Years Ago Today.  
June 15.

New overland letter mail line established to San Francisco. Time from Washington twenty-two days. Soldiers accompanied the coaches to guard against Indians.

## Twenty-five Years Ago Today.

Numerous failures throughout the country due to the wheat collapse in Chicago on the 14th.

## TUBERCULOSIS OPEN-AIR CURE.

The great war against the "white plague" has had marked results, chiefly through the employment of out-of-door treatment. While it is only comparatively recent that this treatment has become general, it has been advocated for over twenty-five years right here in Philadelphia. Benjamin Franklin, in his numerous researches, learned many elemental truths, which he handed down to posterity in his writings. He declared that disease does not come from pure or cold air, but from draughts and the uneven exposure of the person to icy blasts. It is his theory which is in a large measure responsible for the present method of treating pneumonia patients at the Jefferson hospital. The ward on the roof is an innovation and is largely in the nature of an experiment. Its permanency will be decided by the number of cures effected. So far the proportion of recoveries has been so great and the fatalities so small that the physicians in charge hesitate to give out the figures, lest they be thought to be exaggerating. This is especially encouraging, because of the unusual fatal course so many cases of pneumonia have taken this winter.

"The law does not permit a man to leave his wife just because she nags him," Justice Marean decides. He meant, of course, the law of this state, says the New York Mail. In Kentucky, Missouri and other states, "ungovernable temper" and "indignities" are a cause not only for separation, but for absolute divorce, and nagging may certainly be carried to the point of indignity; while in Oregon one may obtain a divorce if the partner of one's joys, and especially of one's sorrows, "makes life burdensome." And what can be more burdensome than nagging? However, there ought not to be divorce, nor even separation, for nagging, because no court of justice can ever be sure that the nagging is not justified, or at least provoked. Some women, for instance, are born naggers. Some achieve nagging. And a considerable number of others have nagging thrust upon them by a course of conduct which may be outwardly courteous, but which in its essence is insupportably irritating.

A Massachusetts woman wants married men tagged by registered buttons on their coat lapels. This is "another link in the chain of subjection which is being forged for the so-called stronger sex, whose rights and privileges are fast diminishing to things of shreds and patches.

The decision of the Harvard authorities to replace the college elms with red oaks is another testimony to the fact that new pests are bringing disaster to some of our old and favorite trees. Insects are threatening the elms today as never before.

When convicts in the Kansas penitentiary refuse to behave they are not allowed to see the weekly baseball games. When they become too troublesome, we presume that they are sentenced to be umpires.

An Englishman makes the announcement that all Americans will in a few years be left-handed. He has probably been watching a baseball game in which two southpaw twirlers participated.

An Illinois judge has decided in a suit that if a woman hates old, ugly and bald-headed men, it is no sign of insanity. Again the chivalry of this country has spoken at its own sex's expense.

A Gothamite threatened to shoot up the place because he could not get telephonic connections. There have long been signs that the patient worm of a public would turn some day.

There is something new under the sun. An aviator, killed lately, is declared to have committed suicide in this original way because of a quarrel with his sweetheart.

The simplified spellers have held their sixth annual meeting and decided that they do not court publicity. Then all's serene, for neither does publicity court them.

The newly invented motorplow will enable farmer boys to go plowing and joy-riding at the same time. Life on the farm is destined to become a grand, sweet song.

A rich New Yorker is accused of slashing his wife's throat, but society will condone the offense inasmuch as it was done with a diamond studded pocketknife.

A New York artist says he is searching for a living duplicate of the Venus de Milo. This is the latest excuse for attending burlesque shows.

A man who was once a railroad president is now a street beggar in New York. You see one can work down from the top, too.

## WOMAN'S MOST SUCCESSFUL MEDICINE

Known All Over The World  
—Known Only For The Good It Has Done.

We know of no other medicine which has been so successful in relieving the suffering of women, or received so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In nearly every community you will find women who have been restored to health by this famous medicine. Almost every woman you meet knows of the great good it has been doing among suffering women for the past 30 years.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound, many of whom state that it has saved them from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

## Practical Fashions

## GIRL'S COAT SUIT.

What could be more attractive for the little miss than the dainty coat suit here shown, the construction of which is quite simple, even for the amateur seamstress? The coat has the side of the body and sleeves cut in one piece, and the skirt is a kilt plaited model. Serge, mohair, linen, pique, or repp can be used. The collar and cuffs are of contrasting material. The pattern (5788) is cut in sizes 8 to 14 years. Medium size requires 4 1/2 yards of 36 inch material and 3/4 yard of 24 inch contrasting goods.

To procure this pattern, send 10 cents to "Pattern Department" of this paper. Write name and address plainly and be sure to give size and number of pattern.

## HER FRIEND'S GOOD ADVICE

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cothrum, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief.

A friend of mine advised me to try Cardui, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited. I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old. Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution.

Cardui has helped a million women back to health and strength. Have you tried it? If not, please do. It may be just what you need.

N. B.—Write for: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

Rev. Mr. Neal will preach at the U. B. church at Acme Sunday.

A son was born Thursday, June 13, to Mr. and Mrs. James Allegro.

William Wells and Charles Brooks have installed a new engine in their saw mill near Surprise.

Elder Jesse Reynolds will preach at the Christian church at Surprise Saturday night and Sunday.

The condition of George Heins, who has been seriously ill of lung fever for several days, is unchanged today.

Frank Lemp trustee and his advisory board opened bids this afternoon for a new school building to be built at Woodstock. All bids were considered too high and were rejected by the board.

In Justice Congdon's court Friday Emmett Frank, of Cortland, was fined \$1 and costs for an assault upon Robert D. Hayes. The defendant pleaded guilty and the other affidavit charging provoke, was dismissed.

George Long of Indianapolis enlisted at the local recruiting office Friday for the United States cavalry. He was sent to Louisville to be accepted by the commander and there will go to the quarters in Columbus, O.

One half block on St. Louis avenue extending from Chestnut west to Judge Shea's residence is being improved with gravel. A new curbing has been constructed and the appearance of the avenue will be greatly improved.

Ross McCoy is in Cincinnati to witness the hill climbing contest at Stanley Hill avenue this afternoon. The contest started about 2 o'clock, but the events in which John J. Peter will take part will not be called until about 4 o'clock. Mr. Peter drove through to Cincinnati in the car which will be entered in the contest.

The Christian Science Monitor, a daily newspaper printed in the cause of Christian Science and clean journalism, will issue a special edition each day during the Chicago convention, and will give a correct account of everything that takes place. A limited number of copies will be sold here during the convention.

Mrs. Edward Marshino and children left this morning for their home in Goodman on their way home from Osgood where they attended the funeral of her mother-in-law, Mrs. Gertrude Marshino. Mrs. Marshino was run down and instantly killed by a Big Four train at Osgood. Mrs. Edward Marshino was the guest of her sister, Mrs. Will Hopple while here.

A. V. Lawell has some additional positive evidence that the much talked-of Sixth of June wreck occurred in 1883. He has in his possession a piece of the trimmings taken from the Pullman car which was demolished. On the back of the piece of wood is written the date, June 6, 1883, and the hour, 6:30 o'clock, when the wreck occurred. He has carefully preserved the piece of wood since the time of the wreck and the lettering is very plain. The souvenir was picked up on the morning following the accident. There are a large number of proofs that this date is correct and there no longer seems to be much doubt.

**Accepts Position.**

Mr. Vance H. Gossman, son of Mr. and Mrs. Will Gossman of Vallonia, has accepted a position as stenographer for the Inter-State Automobile Co., at Muncie, Indiana.

MR. VANCE H. GOSSMAN.

Mr. Gossman completed a course of instruction at the Seymour Business College June 1st, and accepted this excellent position June 5th. There is a great demand now for commercial teachers. The S. B. C. is the place to prepare for this kind of work.

A "Want Ad." in the Republican is a "Want Ad." in the Home.

**Seymour Temperatures.**

The following are the maximum and minimum temperatures as shown by the government thermometers at the Seymour volunteer weather observation station and reported by J. Robt. Blair, observer. The figures are for twenty-four hours ending at noon:

	Max.	Min.
June 15, 1912	86	67

**Weather Indications.**

Unsettled weather. Showers tonight or Sunday.

**First Baptist Church.**

The Sunday School of this church meets every Sunday at 9:15 a. m. The Young People have their meeting every Sunday at 6:30 p. m. To this meeting all the young people of the church and their friends are always welcome. Come, and bring a friend with you. The public worship of this congregation is at 9:30 a. m. and 7:30 p. m. On Sunday morning, June 16th, the pastor will preach on the subject, "Seekers After Truth." At the evening hour he will preach on the subject, "The Two Ways." A special solo will be sung at the evening service by Richard Williams. The public is most cordially invited to all these services. Polite ushers will show you to a comfortable seat. There will be good music by the chorus choir, and you will be cordially greeted by the pastor and the congregation. Come, and worship with us. Church located corner Walnut and Tipton streets. Traveling men who spend Sunday in our city are always welcome.

**Christian Church.**

Bible School at 9:30 a. m. Preaching Sunday a. m. and p. m. by Rev. Edward L. Pettus.

Every member of the church is requested to be present at the Sunday morning service. They are three very helpful services at the Lord's house for you each Sunday morning. Let us as Disciples, remember the doings of the early church, Act. 20-7.

The communion and preaching services 10:30 a. m. Subject, "God's Need of Men." The evening services at 7:45 p. m. Subject "Personal Choice." The choir will render good music. Strangers are made to feel at home in all of our services.

EDWARD L. PETTUS, Minister.

**Nazarene.**

We are back from Georgia where we have been assisting Rev. C. W. Ruth in a meeting.

Services Sunday: Sunday School 9:30. Preaching 10:30 a. m. and 7:30 p. m. We are believing and expecting the extraordinary tomorrow. Plan to be there.

M. T. Brandyberry, Pastor.

**Christian Science.**

Sunday service at 10:45 a. m. Subject: "God, the Preserver of Man."

Sunday School at 9:30 a. m. Testimonial meeting every Wednesday at 7:30 p. m. To our services and to the reading room the public is cordially invited and welcome.

**German Lutheran Church.**

The Evangelical Missionary Society of The Presbyterian church will meet Monday afternoon, June 17, at the home of Mrs. C. W. Graessle on North Poplar street at 2:30 o'clock.

Thousands of Eyes See "Republican Want Ads."

**PERSONAL.**

Milton Harris of Spraytown was in Seymour today.

Miss Bertha Fagan went to Washington this afternoon.

Albert Williams went to Edinburg this afternoon to visit his grandparents.

Clarence Thompson, the merchant of Acme was in the city today on business.

Miss Martha Pope of Columbus came this afternoon to visit Mrs. Elmore Newsum.

Mr. and Mrs. Guy Doughty and son returned Friday from a week's visit with relatives in North Vernon.

Mrs. Amanda Fisher and daughter, Miss Mabel came from Azalia this afternoon to visit Mr. and Mrs. Samuel Newby.

**DAMAGES DEMANDED**

James B. Connolly Sues James E. Sullivan For Libel.

New York, June 15.—The summons in a suit for \$50,000 damages for libel brought by James B. Connolly, the writer of sea stories, against James E. Sullivan, president of the Amateur Athletic union and chairman of the Olympic games committee, was served on Mr. Sullivan at his office. The suit is the culmination of a controversy between Sullivan and Connolly originating in a magazine article by Connolly, in which he attacked Sullivan's management of the American athletes at the games in Athens, and said that Sullivan runs the athletic union in the interest of an athletic trust. Mr. Sullivan replied with a pamphlet in which he criticised Connolly's conduct on the steamship Republic when she was rammed by the Florida. It is for this criticism that Connolly sues.

**Sewed Up Sponge in Body.**

Peru, Ind., June 15.—Fred Senger underwent a surgical operation for appendicitis six weeks ago. Since that time Mr. Senger suffered intense pain in the right side, and what was thought to be an abscess was developed. A second operation was performed and an absorbent sponge was found to be the cause of the new trouble. Mr. Senger is improving.

**War on Dogs.**

Lafayette, Ind., June 15.—Much alarm is caused by the mad dog epidemic in Tippecanoe county. Scores of unmuzzled dogs are being killed by the police. The order to muzzle dogs is being rigidly enforced, and the police are sparing neither family pet nor high-priced thoroughbred when they encounter unmuzzled animals.

Through a misunderstanding of a reporter it was stated yesterday that Mrs. Ed Eldridge had gone to Indianapolis to attend the funeral of her niece, Miss Pearl Mohr. This was an error as the sentence should have read that Mrs. Eldridge was in Indianapolis to attend the wedding of her niece, Miss Mohr, who is now the bride of Mr. Frank Sidensticker, formerly lived in Seymour and has a host of friends here.

# Hairbreadth Harry—One Terrible Experience After Another

IT IS NO VERY PLEASANT SURPRISE TO WAKE UP FROM A SOUND SLEEP AND FIND A BLOODTHIRSTY SKEETERINO BORING INTO YOUR VITALS FOR YOUR LIFE FLUID. IT IS ALWAYS FATAL. NO ONE HAS YET ESCAPED FROM ONE.

BUT OUR UNDAUNTED HERO DOES NOT INTEND TO SUCCEMB WITHOUT A STRUGGLE. WITH A SUPERHUMAN EFFORT HE GOT TO HIS FEET AND WITH A VISE-LIKE CLUTCH ARRESTED THE SKEETS DEADLY DRILL!

THEN WITH A SUPERHUMAN EFFORT HE W THE DEADLY WEAPON AND PLUNGED IT INTO I

BUT BY THIS TIME THE LOVELY BELINDA IS ALL IN AND HAS SWOONED AWAY, WITH A TERRIBLE CRY OUR NOW THOROUGHLY AROUSED HERO TURNED UPON THE OTHER BEAST WITH THE SWORDLIKE PROBOCIS!!

THE NEXT MOMENT TWO LIFELESS FORMS DECORATED THE SOD WITH OUR HERO STANDING TRIUMPHANT UPON THEIR CHESTS! WITH A WAN SMILE OF THANKS UPON HER LOVELY LIPS OUR HEROINE CAME TO.

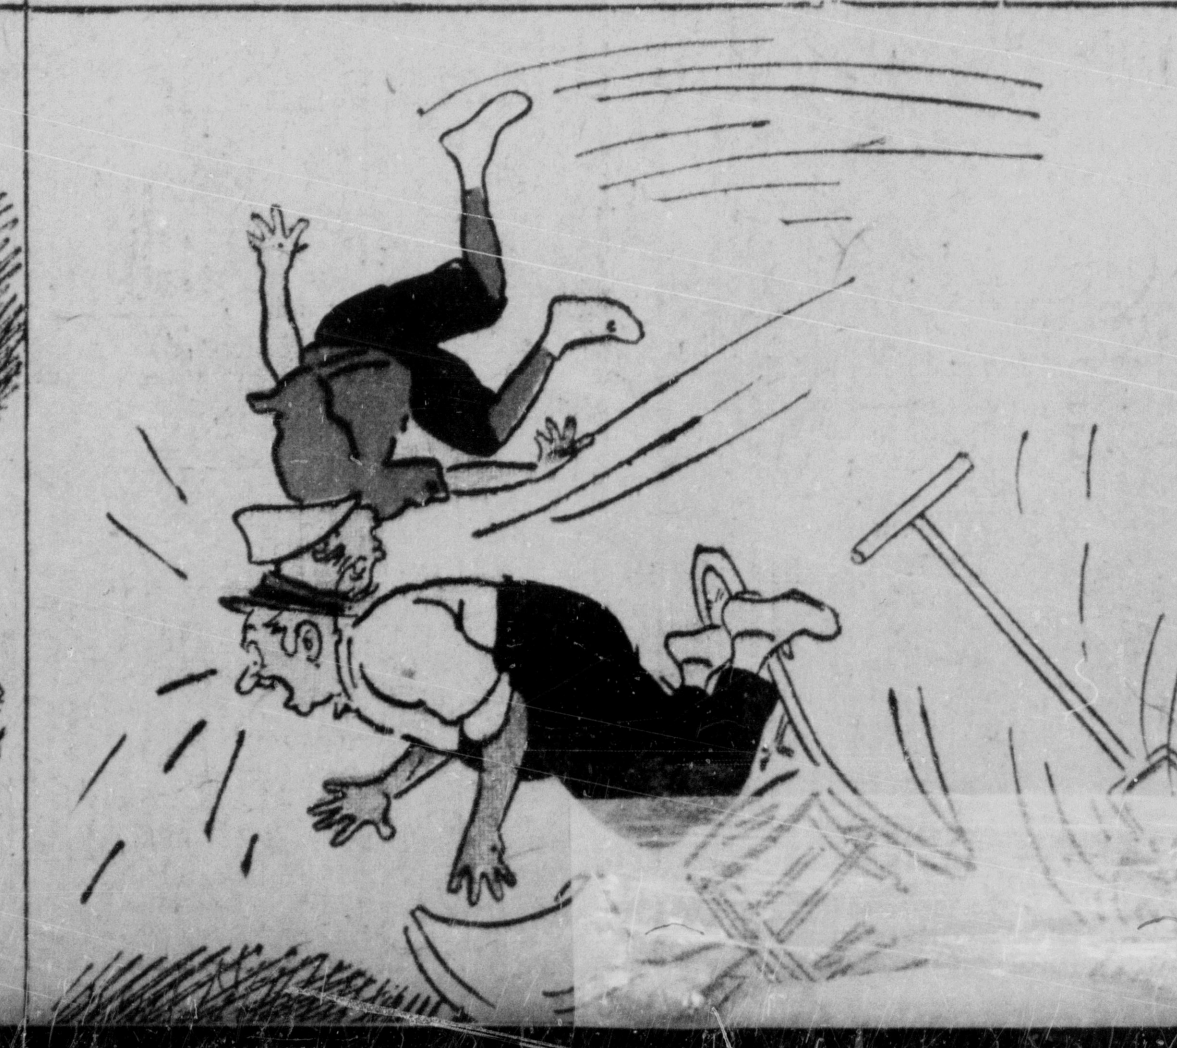

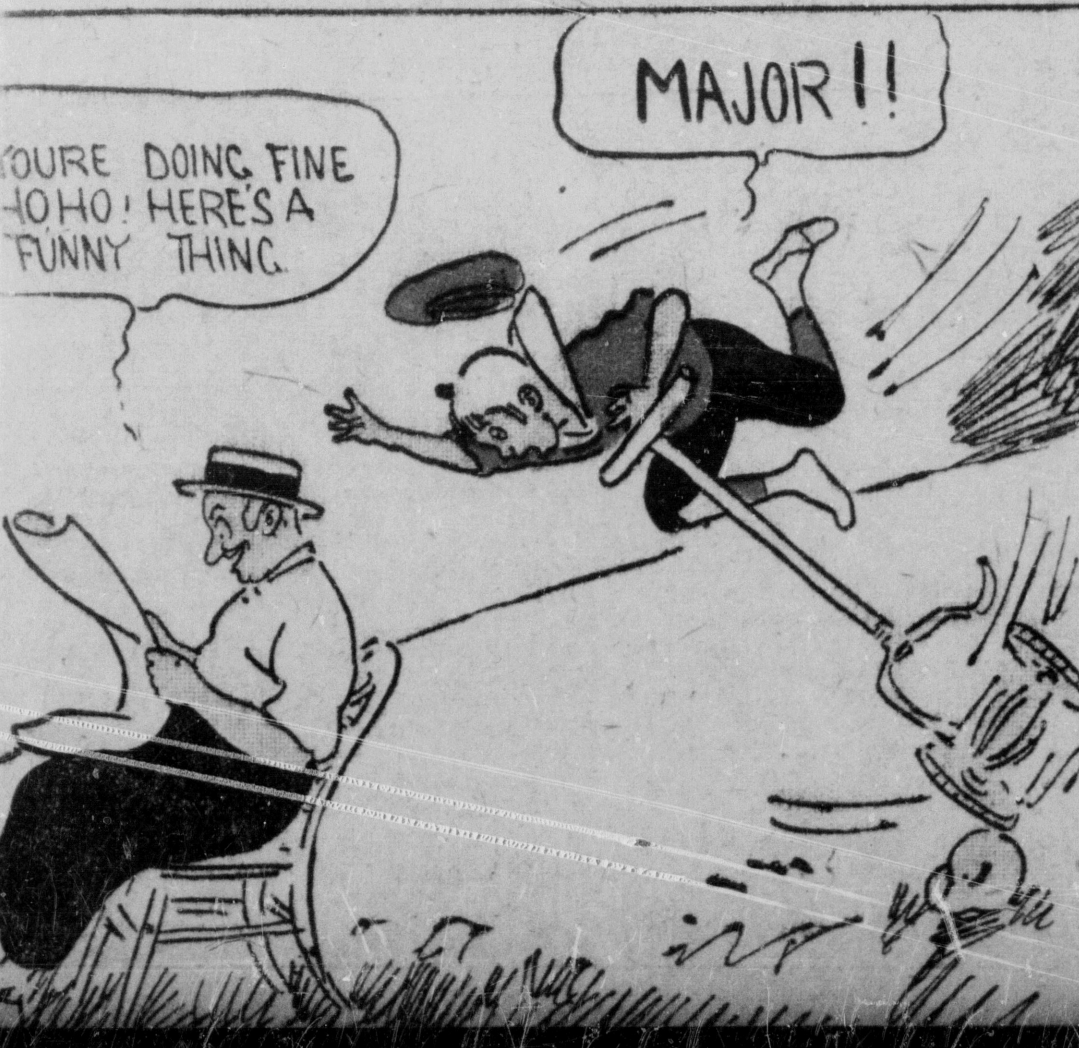

BUT JUST THEN A TERRIBLE THING HAP RIGHT BEFORE THEM — (BUT WAIT UNTI

THE WRETCH  
"I've spent all my money, my race-horse is lame, my wife has eloped with my jockey. What more can happen, I wonder?"  
"Your wife can come back."

IS JACK AND THE ANSTALK. THE GIANT JACK'S MOTHER ARE DEN SOMEWHERE IN PICTURE. SEE IF YOU CAN FIND THEM.

## ANNA BELLE FEEDS THE CHICKENS

Dear Friends:—Harold and I spent the week at Grandma's and we had the finest time. I helped Grandma with the chickens and Harold raked the yard and did the chores for Grandma. If we didn't live in town I would want mama to get some chickens, for they are so interesting. I think the little tiny chickies are the cutest things and they're so soft and fuzzy, just like a big puff ball when you take them in your hands. But, say, don't forget to watch the old mother hen when you pick up one of them. Listen and I'll tell you something funny that happened to Harold. The other day I was out feeding the chickens and Harold came out to watch me. "Oh, Sis, isn't this a cute little thing," he said as he held up a little brown-backed chickie for me to see. And then it happened. My, and such a flapping of wings I never heard before as the old mother hen flew upon Harold's head and beat him with her wings. Harold was very much scared and ran into the house. Grandma had told us not to meddle with the little chickies when the mother hen was near, so Harold got a good scare for his disobedience. Always remember that what your parents, Grandma and Grandpa tell you is for your own good. And now we come to a very interesting subject. How are you getting along with your ANNA BELLE SEWING SOCIETY? Fine, I hope, and in the very near future I'm going to give the by-laws of the Society once more, as several complain that they didn't see them the first time. Now I must close for this time, hoping to hear from you real soon, telling me of the success of your Society, and telling me of new things you'd have me do or wear. Address me care this paper. Lovingly,

Anna Belle
